MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT: Peripheral Reconnaissance Study

My understanding of the schedule of events for the peripheral reconnaissance study is:

1. Joint DDI/DOD value judgment paper will be distributed to USIB 16 August.
2. Dr. Hall will hold a status meeting on 20 August. DDI will represent the DCI at this meeting. (IC staff will wish to be represented.)
3. USIB members will comment on values on 23 August.
4. Dr. Hall plans to meet with SecDef 23 August (hopefully in the afternoon). The DCI will suggest that he (DCI) attend this meeting and participate in discussions of major issues and probable study outcome.
